

DRY SILICONE

Lubricating and sliding spray

- ✓ **100% Pure Silicone Oil**
- ✓ **Does not contain solvents**
- ✓ **Lubricates, protects and has a preventive effect**
- ✓ **Odorless**

PRODUCT DESCRIPTION:

DRY SILICONE is a multifunctional, 100% pure silicone oil. Dry Silicon does not contain any solvents or other chemical additives. Dry Silicon lubricates, protects and has a preventive effect against possible sticking. Dry Silicon is clear in its application, extremely thin and odorless. The high-quality silicone oil does not stain when used, works perfectly on everyone. Surfaces without drying out and offers excellent protection against friction and wear. Dry Silicon is water-repellent, does not freeze or melt, has an antistatic effect and does not evaporate. Dry Silicon is particularly pressure-resistant and has a high temperature range from -70°C to +280°C.

APPLICATIONS:

Lubricates, protects and has a preventive effect on metal, rubber, wood, leather, plastic and painted surfaces, fabrics, vinyl, etc. Water-repellent, rubber and leather become soft again and supple. Dry Silicone is suitable for textiles, shoes, zipper systems, vehicles, office and kitchen equipment as well as high-tech mechanisms, window fittings, window and door seals, curtain rails, blinds, awnings with fabric covers.
