

# PRO HAND CLEANER / NO - TOUCH

Special hand cleaner for strongly adhering dirt

- ✓ Contains dirt-dissolving ester oils
- ✓ Grease-inducing
- ✓ Soap-free
- ✓ Perfumed

## PRODUCT DESCRIPTION:

**PRO HAND CLEANER / NO - TOUCH** is especially suitable for removing strongly adhering dirt, eg from lacquer, resins, adhesives, paint and bitumen. The cleaning effect of the product is supported by olive seed powder, whose grain structure and grain fineness are specially adapted to this type of use. Due to the low specific gravity, blockages of drains and pipes are not to be expected. The entire formulation and the pH value of the product is adapted to the natural acid mantle of the human skin, which in its functions is not affected by the product. Lipid-restoring ingredients provide an extra caring effect. Protect the Pro Hand Cleaner / No - Touch from freezing.

## APPLICATIONS:

Pro Hand Cleaner / No – Touch quickly and thoroughly removes soot, bitumen, glue, sealants, resins, filler, printing ink, paint and grease. Due to the addition of skin-friendly washing active substances and a grain based on olive pits, the Pro Hand Cleaner / No - Touch has the property that no skin irritations arise, even with frequent use.

## INSTRUCTIONS:

Before use, read and follow the instructions on the label. Do not get your hands wet, apply a little Pro Hand Cleaner / No - Touch and rub in well until the contamination is dissolved. Rinse well with water, always close tightly after use.

## SPECIFICATIONS:

PH value	13.3
flash point	62°C
Relative density (at 20°C)	0.93
Water Solubility	Miscible with water
Melting point/melting range	35°C
Shelf life	12 months. Keep dry, cool and frost-free
