

# DRYING AGENT

Universal drying aid and protector in 1

- ✓ **Protective effect**
- ✓ **Leaves a dirt resistant film**
- ✓ **Neutralizes the pH value with an alkaline prewash**
- ✓ **Breaks the water film for a quick and beautiful drying**

## PRODUCT DESCRIPTION:

**DRYING AGENT** is a gloss and hydrophobic agent for car paints.

## APPLICATIONS:

Drying Agent is used in car washes after the car has been cleaned. Drying Agent leaves a protective and dirt-resistant film. Spray the Drying Agent after washing or rinsing the car. Make sure that the order is not blown dry. Drying Agent can also be applied by hand pouring. Seaming is unnecessary.

## INSTRUCTIONS:

Before use, read and follow the instructions on the label. The instructions of the equipment in use follow 1:200 to 1:500. Never mix Drying Agent with other detergents. The product then becomes ineffective. Store frost-free.
