

# PROTECTION PRIMER

Anti-rust paint

- ✓ **4 in 1 function**
- ✓ **UV and weather resistant**
- ✓ **High deck power**
- ✓ **Can be applied directly over rust**

## PRODUCT DESCRIPTION:

**PROTECTION PRIMER** is a professional spray paint that has a 4 in 1 function. Namely an adhesion primer, a welding primer, a rust protector and final layer in 1 product. Protection Primer can be applied directly over flash rust. He will seal and stop the rust.

## APPLICATIONS:

Protection Primer can be used on almost all Ferrous and non Ferrous metals. Always perform an adhesion test first.

## INSTRUCTIONS:

Before use, read and follow the instructions on the label. Remove loose parts and excess rust with a wire brush. Light sanding is recommended on smooth/bare metal surfaces. The surface must be clean, dry and free of grease. Shake the Protection Primer for 2 minutes before use and keep a spraying distance of approximately 25cm.
