

BRAKE & PARTS CLEANER

SOLVENTS AND DEGREASERS

- Maximum active substance through CO² propellant gas
- Fast and effective cleaning
- Leaves no residue
- Very powerful spray pattern
- 360 ° use
- Contains no Propane & Butane

PRODUCT DESCRIPTION:

BRAKE & PARTS CLEANER is a cleaner / degreaser with a high dissolving power for, among other things: grease, oil, dirt and brake dust from brake and clutch parts. Thanks to the special ball valve, Brake & Parts Cleaner can be used in any position, making efficient cleaning in hard-to-reach places possible. Brake & Parts Cleaner also has a very powerful and focused spray pattern and leaves no residue, this is important if Brake & Parts Cleaner is used as a degreaser for seals and / or glues.

APPLICATIONS:

Brake & Parts Cleaner has a high resolving power for, among other things: grease, oil, dirt and brake dust from brake and clutch parts. Brake & Parts Cleaner is of course not only suitable for brakes but also extremely suitable for all maintenance work. Indispensable in every workplace.

INSTRUCTIONS :

Shake the can well before use.

Be careful with painted and plastic parts, always test the substrate first. Use only outdoors or in a well-ventilated area. In the event of contact with eyes, rinse immediately with plenty of water. Flammable.
