

PROPART TOP CLEAN ECO

CLEANING AND MAINTENANCE PRODUCTS

- **Dermatologically tested**
- **Contains nourishing panthenol**
- **Biodegradable**
- **EU Ecolabel**

PRODUCT DESCRIPTION:

PROPART TOP CLEAN ECO is a skin-friendly hand cleaner for extremely strong dirt. The combination of active ingredients on a natural basis and special granules, built from olive core residues, ensure maximum cleaning power. Propart Top Clean Eco removes stubborn stains such as oil, grease, soot, etc. If you prefer a slightly milder cleaning, we advise you to try the Propart Soft Green Eco. To support the recovery of the skin, nourishing panthenol again provides moisture during cleaning. The skin is soothed and remains supple and elastic. Small wounds and abrasions better disappear through intermediate nourishment of the skin.

APPLICATIONS:

Use Propart Top Clean Eco while washing hands. Wet the hands and then use the Propart Top Clean Eco to get the hands free from contamination. Rinse hands and then dry them well.

INSTRUCTIONS :

Place the Propart Top Clean Eco in the appropriate dispenser. After this you can immediately wash / care for your hands with the Propart Top Clean Eco.

SPECIFICATIONS :

Top Clean Eco dermatological compatibility has been carefully tested and proven. Top Clean Eco has an IS26-free perfume, which means that the allergy potential of the perfume ingredients is minimized. Propart Top Clean Eco connects to the EU Cosmetics Regulation 1223/2009 of the European Commission and is also specially developed, produced and distributed according to these guidelines. Safety data sheets are not required for the products covered by this regulation, but only for products subject to the Chemicals Act.
