

SURFACE & ALCOHOL SPRAY

CLEANING AND MAINTENANCE PRODUCTS

- Fast & Effective cleaning
- For hand & surface
- Dries without residue
- Convenient to dose

PRODUCT DESCRIPTION

SURFACE & ALCOHOL SPRAY is a cleaning agent based on 80% alcohol for an effective fast cleaning. Because Surface & Alcohol Spray leaves no residue, it is ideal to use for both hands and surface. By using an aerosol, the product is easy to apply and dose.

APPLICATIONS:

Can be used universally for cleaning hands. Also suitable for hygienic cleaning of surfaces. **(Test Surface & Alcohol Spray before use for material compatibility in an inconspicuous place)**

INSTRUCTIONS:

For hands:

Moisten the hands with at least 3 ml Surface & Alcohol Spray and rub both hands intensively over each other for 30 seconds.

For surfaces:

Spray Surface & Alcohol Spray on the surface to be treated and let it act for at least 60 seconds or wait for the product to dry. (After these 60 seconds, the residue can be spread with a lint-free cloth) Do not use on hot surfaces or energized equipment.

(Test Surface & Alcohol Spray before use for material compatibility in an inconspicuous place)
